## **2023 Summer Law Clerks**

The Institute for Policy Integrity at New York University School of Law ([www.policyintegrity.org](http://www.policyintegrity.org)) is seeking 1L and 2L law students passionate about environmental law, energy law, environmental justice, and/or regulatory policy to assist with our research and advocacy, including comment letters, reports, and amicus briefs.

### *About Policy Integrity:*

Policy Integrity is a non-partisan think tank housed at New York University School of Law dedicated to improving the quality of government decisionmaking through legal advocacy and academic scholarship in the fields of administrative law and public policy. Policy Integrity's docket covers a range of issue areas, with an emphasis on federal- and state-level energy policies and federal environmental protections.

### *Responsibilities:*

Summer law clerks conduct legal research, prepare written memoranda, and participate as colleagues over the course of the summer, including by joining weekly staff meetings and attending events.

The position is expected to begin between mid-May and early June, and end in August. Full-time summer law clerk positions are approximately 35 hours per week for 10 weeks.

### *Terms of Employment:*

Law clerks have the option to work at Policy Integrity's office at New York University School of Law in New York City (contingent on the university-wide policy in response to the Covid-19 pandemic) but may also work remotely over the summer.

If public interest funding through their home law school is unavailable, Policy Integrity will provide funding. In compliance with NYC's Pay Transparency Law, the hourly base salary at NYU Law School for student employment positions is \$15 per hour for undergraduate and graduate students.

### *Evaluation:*

There will be a mid-summer and end-of-summer evaluation and weekly/biweekly check-ins with the position supervisor.
